

**PRO-TABS®**  
**CONCENTRATED**  
**FRYER**  
**BOIL-OUT CLEANER**  
**NEW NANO SCIENCE TECHNOLOGY**

**PRO-TABS®** Concentrated Fryer Cleaner Boil-Out Tablets contain new Nano Science Technology. **PRO-TABS®** are specifically engineered to penetrate caked on grease build-up, carbon deposits in hard-to-reach places, including the heating elements and temperature controls. **PRO-TABS®** target places other fryer cleaners can't reach.

**PRO-TABS®** offers a new and better standard for fryer boil-out cleaning. **PRO-TABS®** applies an advanced proprietary formula with Nano Science Technology to fryer foil-out cleaning, removing contaminants down to a microscopic scale.

**Better. Faster. Cleaner!**

**DIRECTIONS FOR USE:**

1. Drain fryer oil and remove all solid particles from fryer. Close the drain valve.
2. Place **PRO-TABS®** Boil-Out tablet in the bottom of the fryer. One 2.25 oz. tablet for a 40# fryer. Two 2.25 oz. tablets or one 4.5 oz. tablet for a 70# fryer.
3. Fill fryer pot with water to fill line and bring to a boil (200°F-210°F) for 15 to 20 minutes.
4. Drain into mop bucket for use as a floor cleaner.
5. Rinse fryer surfaces with clean water and wipe dry.

**Cleaning Fryer Baskets & Accessories**

Insert basket and accessories into fryer during boil-out. Run through dishwasher after cleaning.

**Floor & Drain Cleaning**

**PRO-TABS®** will also work as an excellent kitchen floor and floor drain cleaner. Safe to use on quarry tile and concrete floors. **DO NOT** use on linoleum or asbestos tile.
